THE CLASS OF 1975 PRESENTS

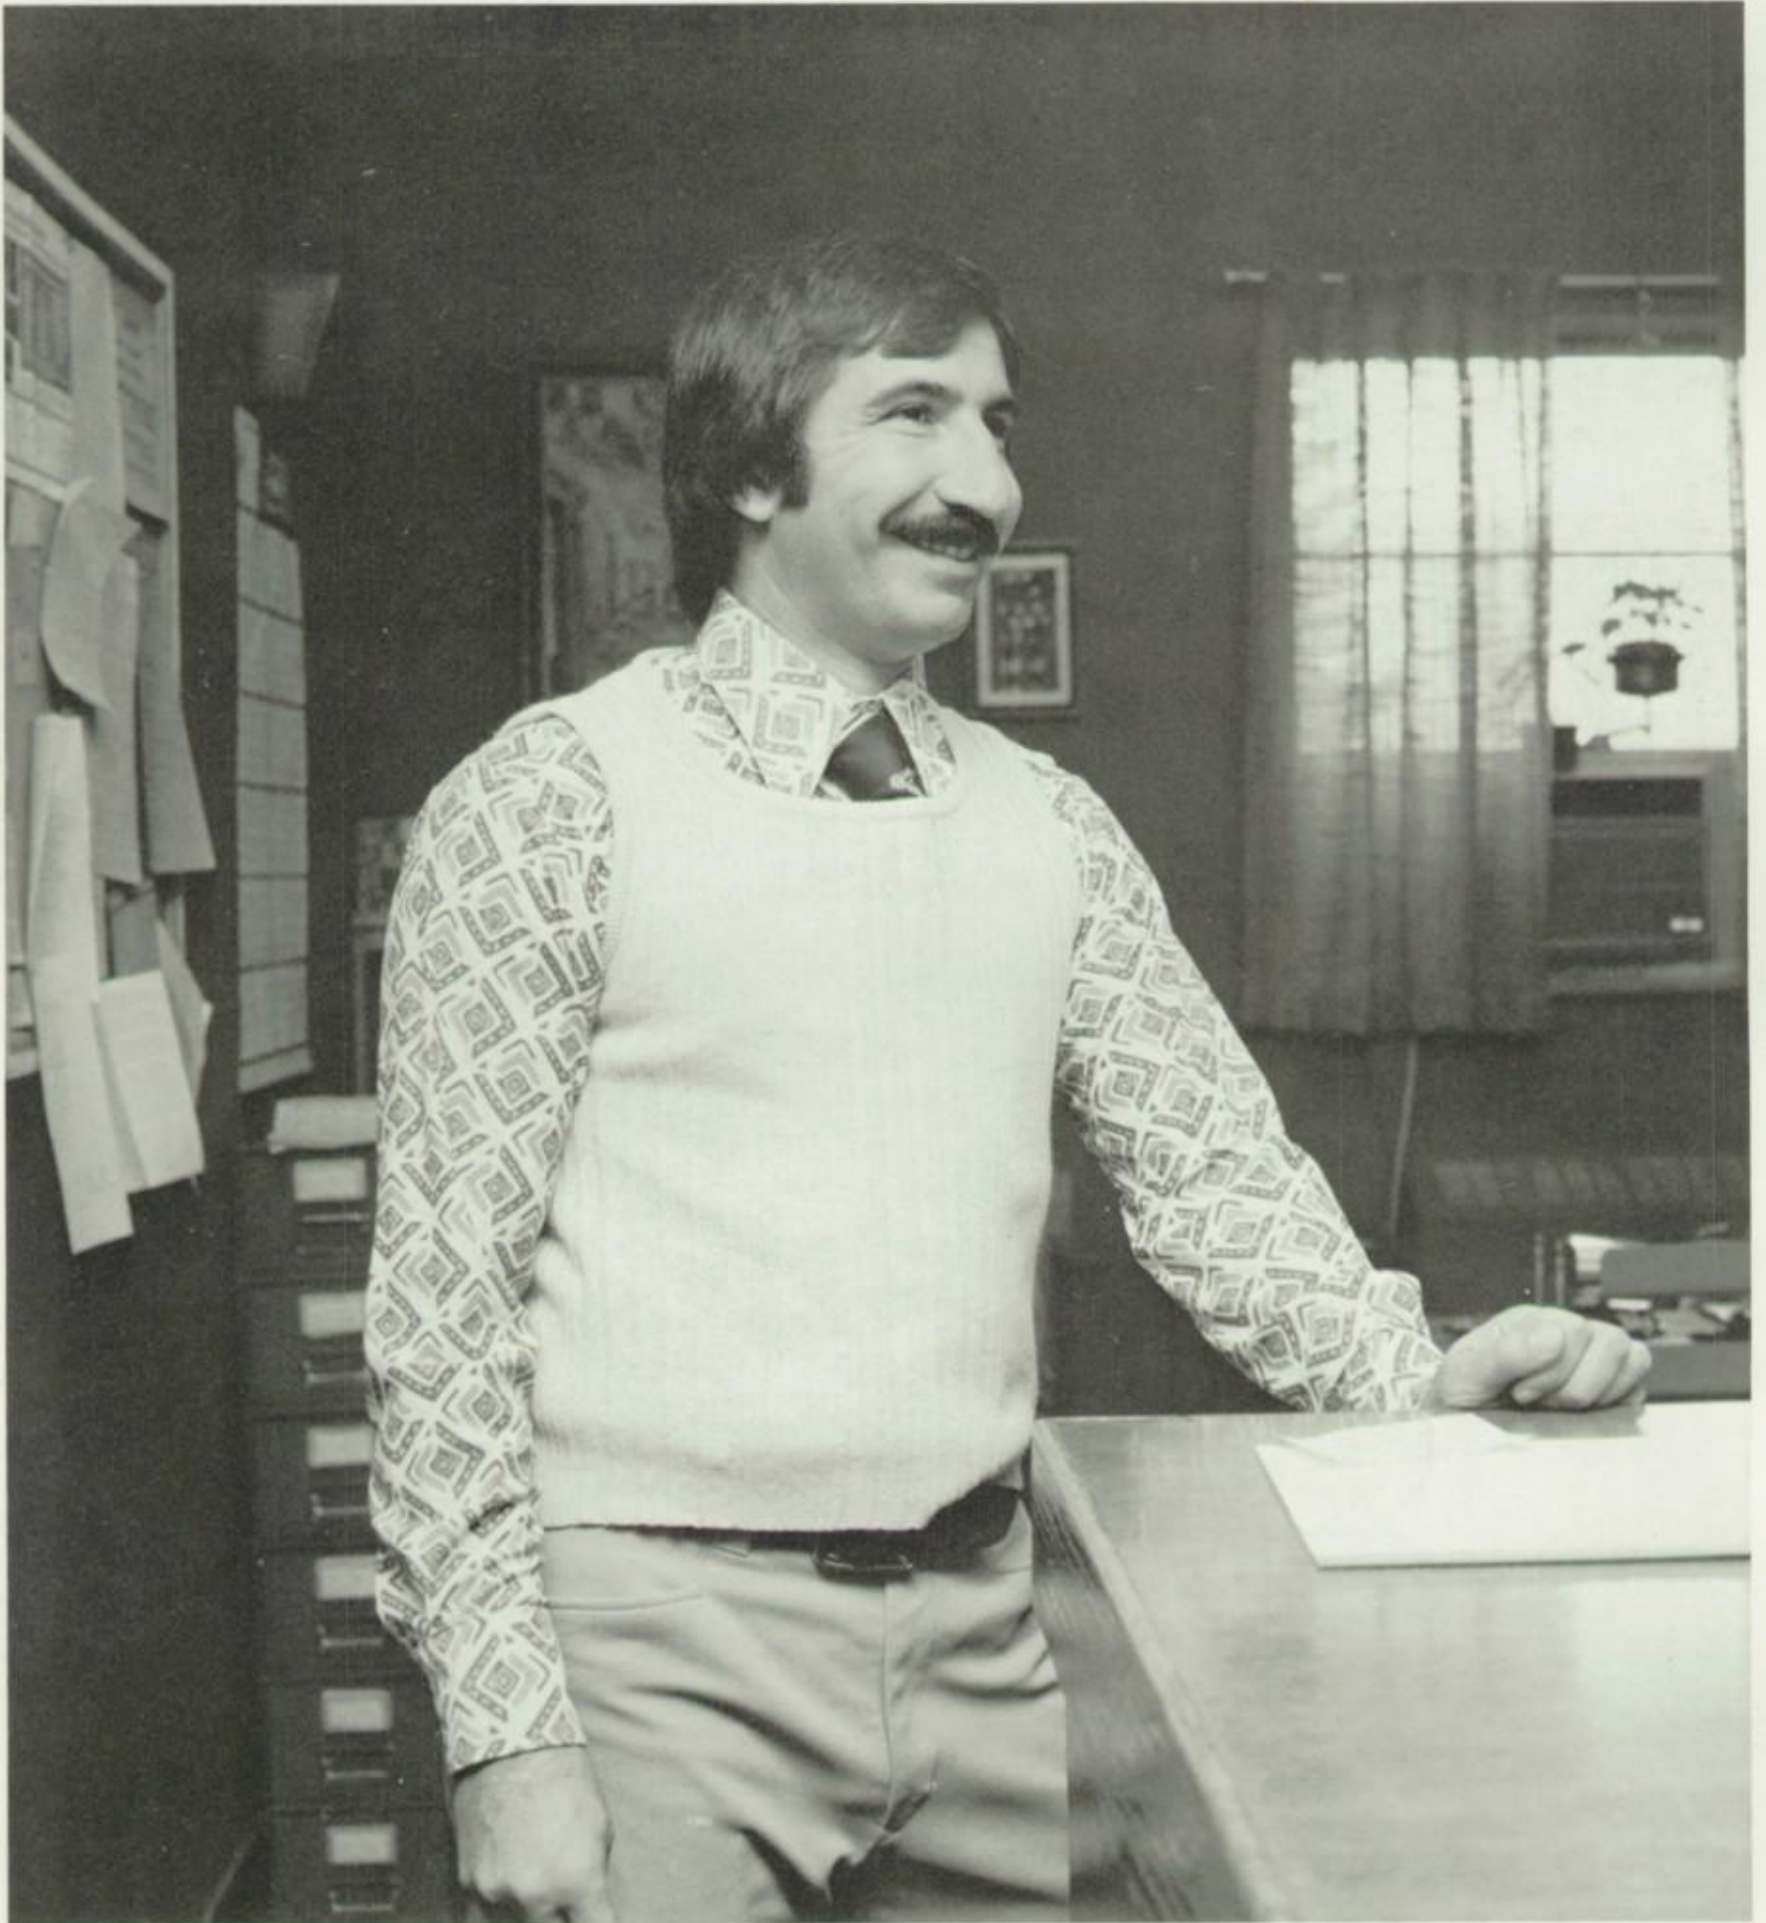

THE ACCOLADE

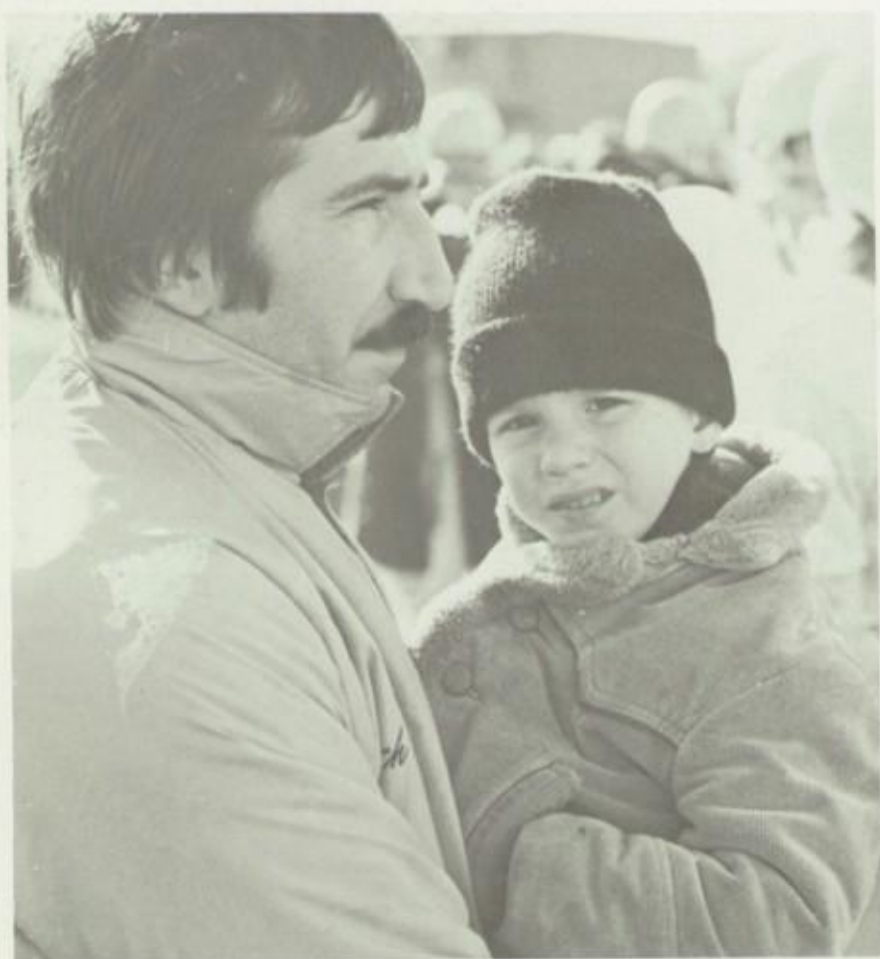

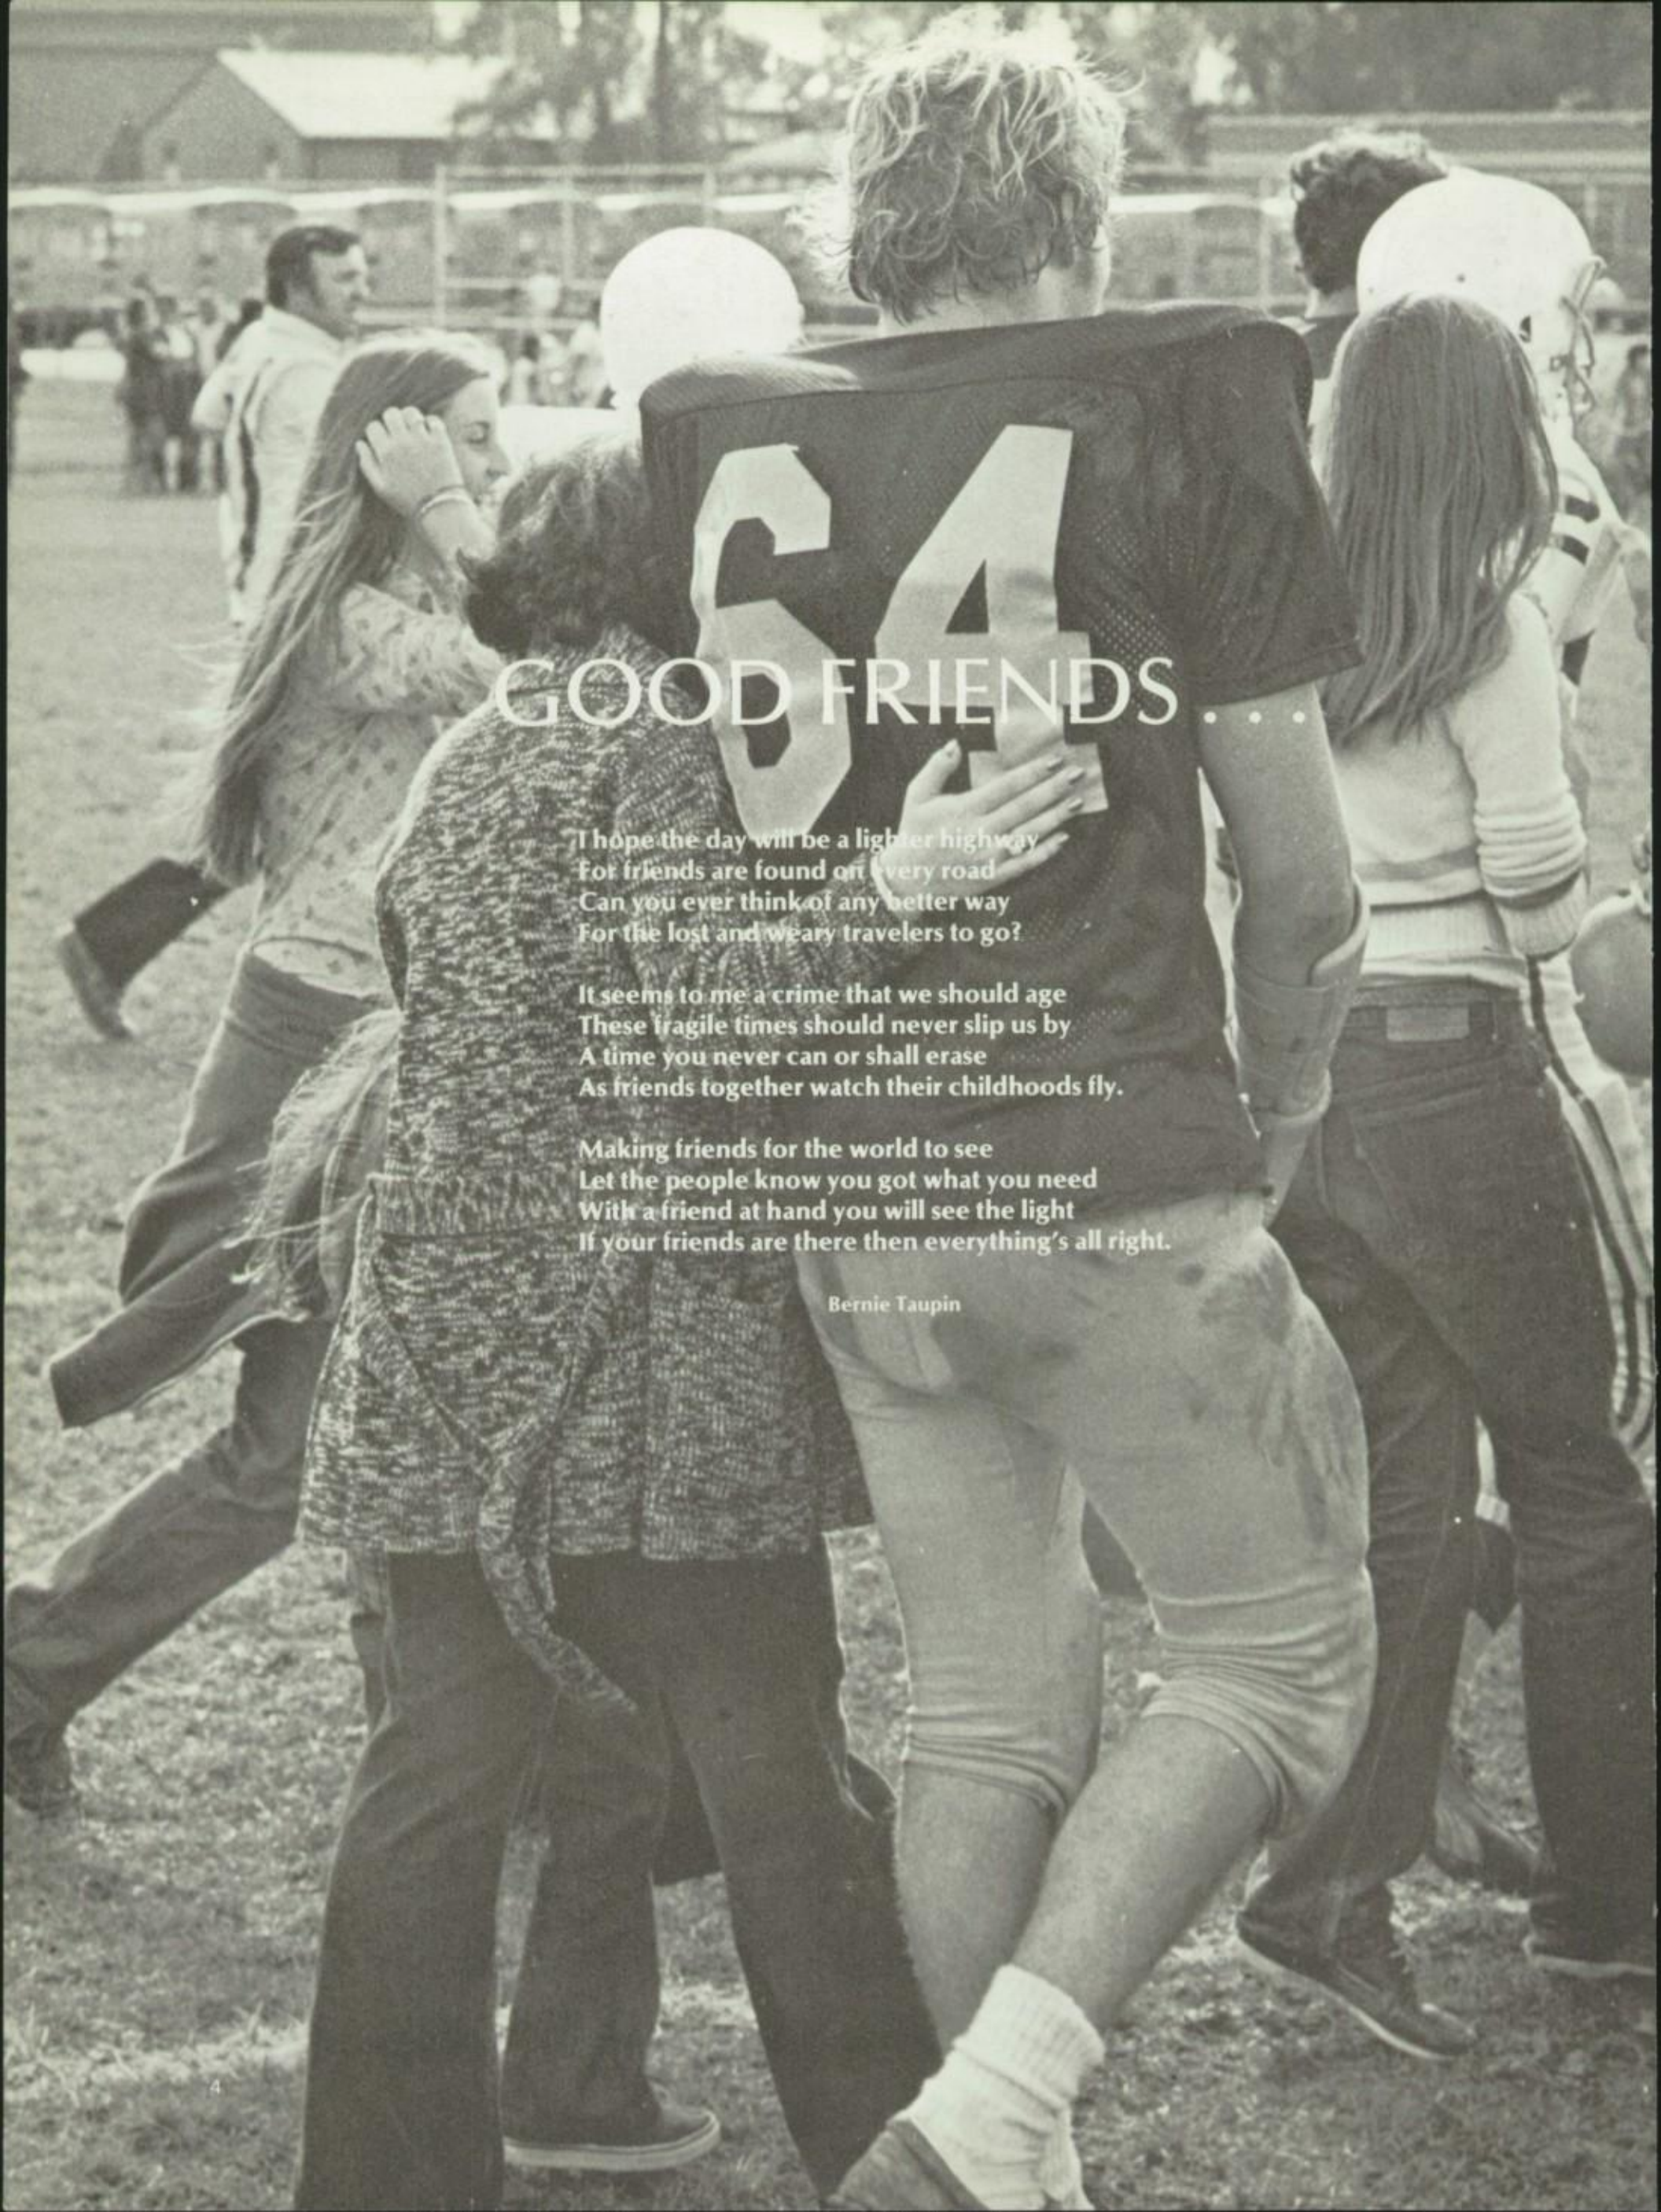

MCQUAID JESUIT HIGH SCHOOL • ROCHESTER, NEW YORK

Class of '77 Lounge!
BEWARE!

He came to McQuaid as a student; he returned as a teacher and coach. He is still all that. That's what he does, but he's so much more . . . Pablo Casals once said: "I feel the capacity to care is the thing which gives life its deepest significance." Because he is a teacher who cares and cares passionately, because he truly shares of himself as a person, we the class of 1975, with affection and joy, dedicate this yearbook to Mr. John Roselli.

GOOD FRIENDS . . .

I hope the day will be a lighter highway
For friends are found on every road
Can you ever think of any better way
For the lost and weary travelers to go?

It seems to me a crime that we should age
These fragile times should never slip us by
A time you never can or shall erase
As friends together watch their childhoods fly.

Making friends for the world to see
Let the people know you got what you need
With a friend at hand you will see the light
If your friends are there then everything's all right.

Bernie Taupin

Long ago
Far away
Life was clear
Close your eyes . . .

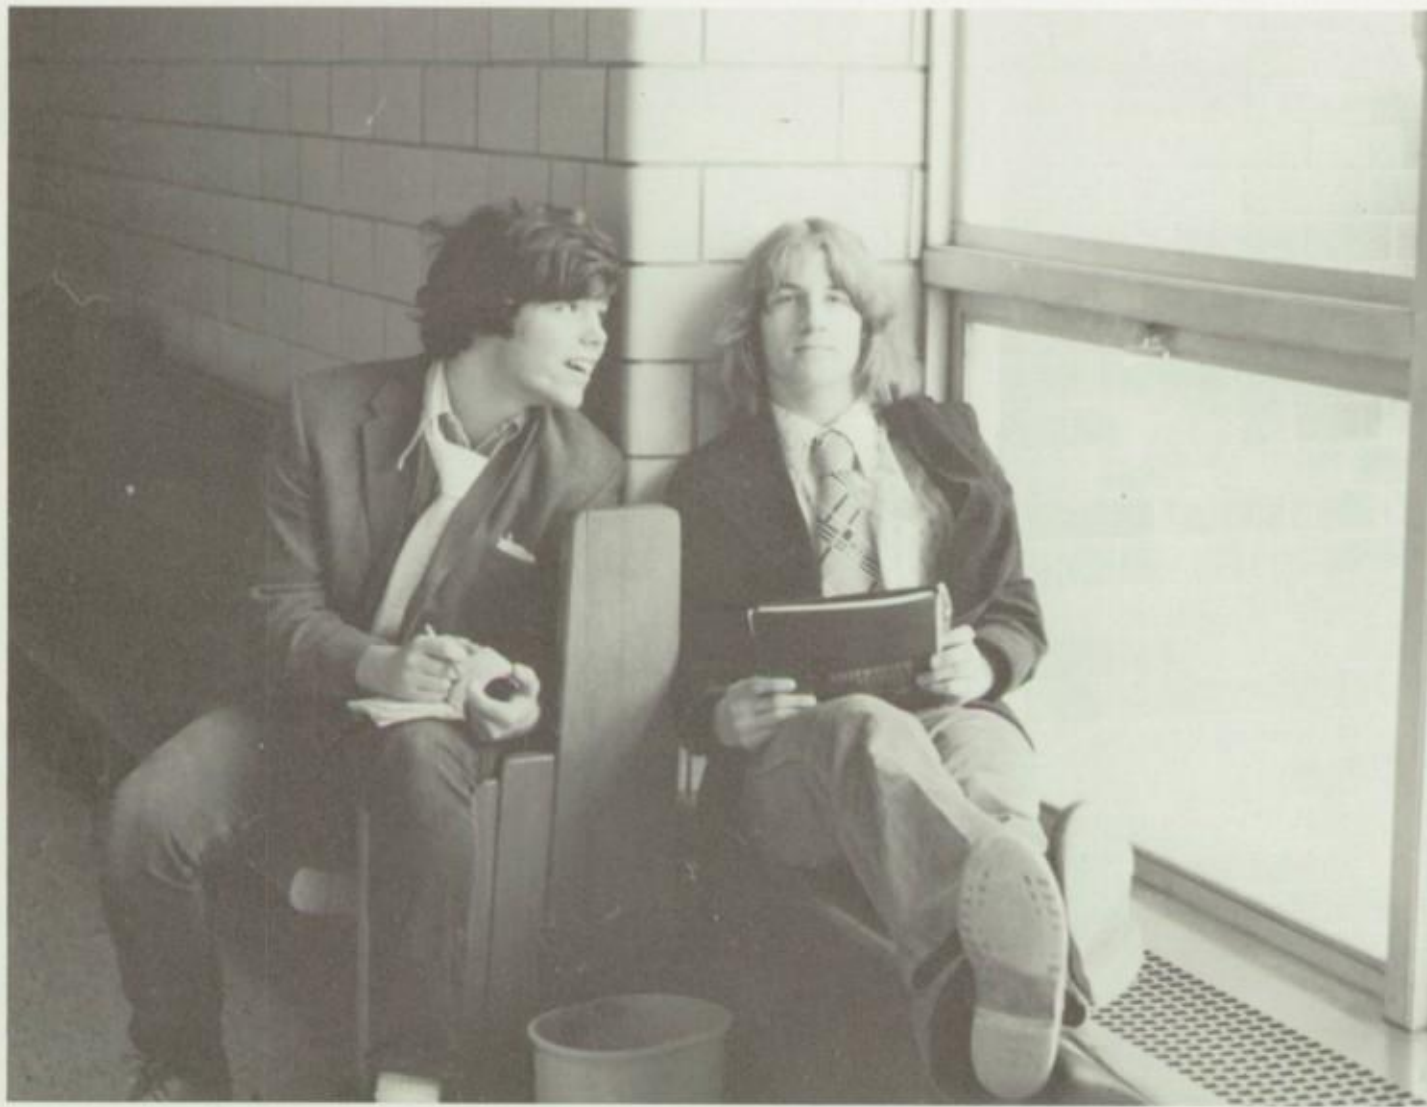

Remember
Is a place from long ago
Remember
Filled with everything you know . . .

... GOOD MEMORIES

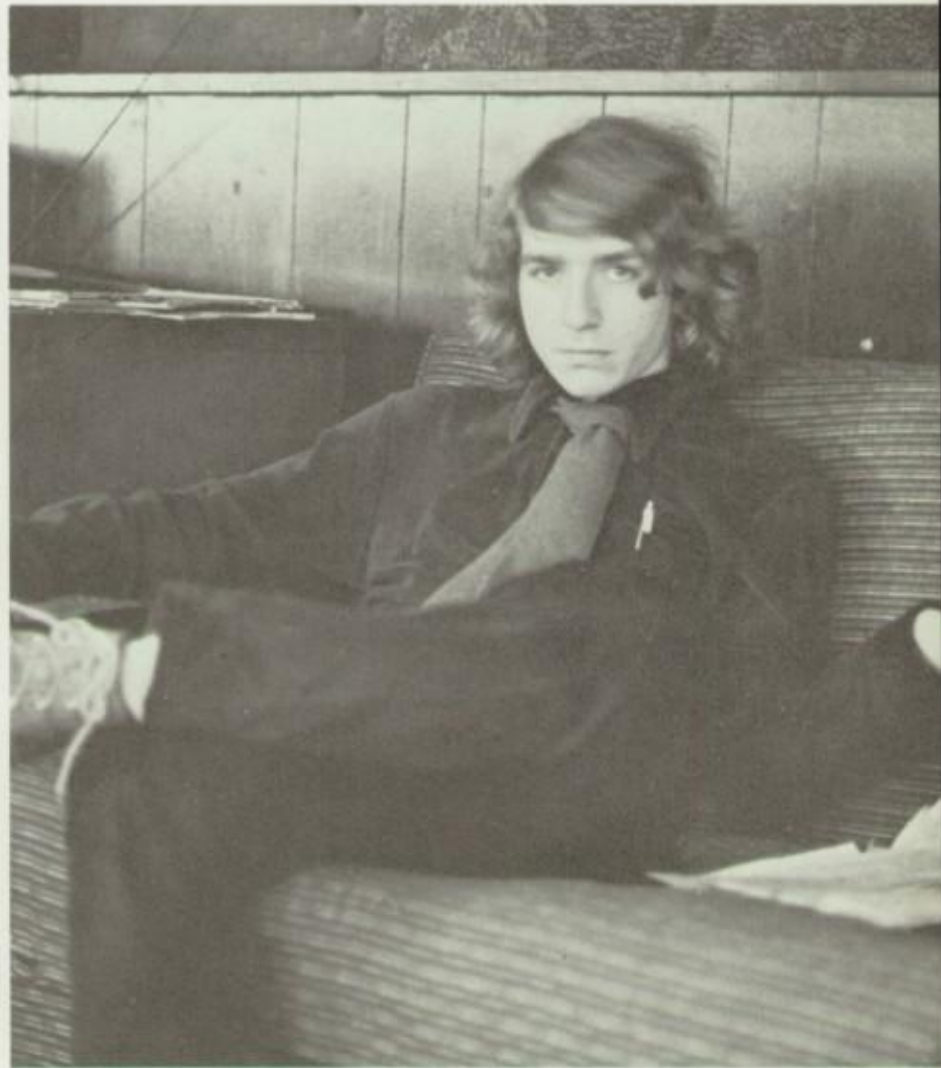

Get not your friends by bare compliments, but by giving them sensible tokens of your love. It is well worth while to learn how to win the heart of a man the right way. Force is of no use to make or preserve a friend, who is an animal that is never caught or tamed but by kindness and pleasure. Excite them by your civilities, and show them your desire nothing more than their satisfaction; oblige with all your soul that friend who has made you a present of his own.

—Socrates—

I have more memories than if I were a thousand years old.
Charles Baudelaire

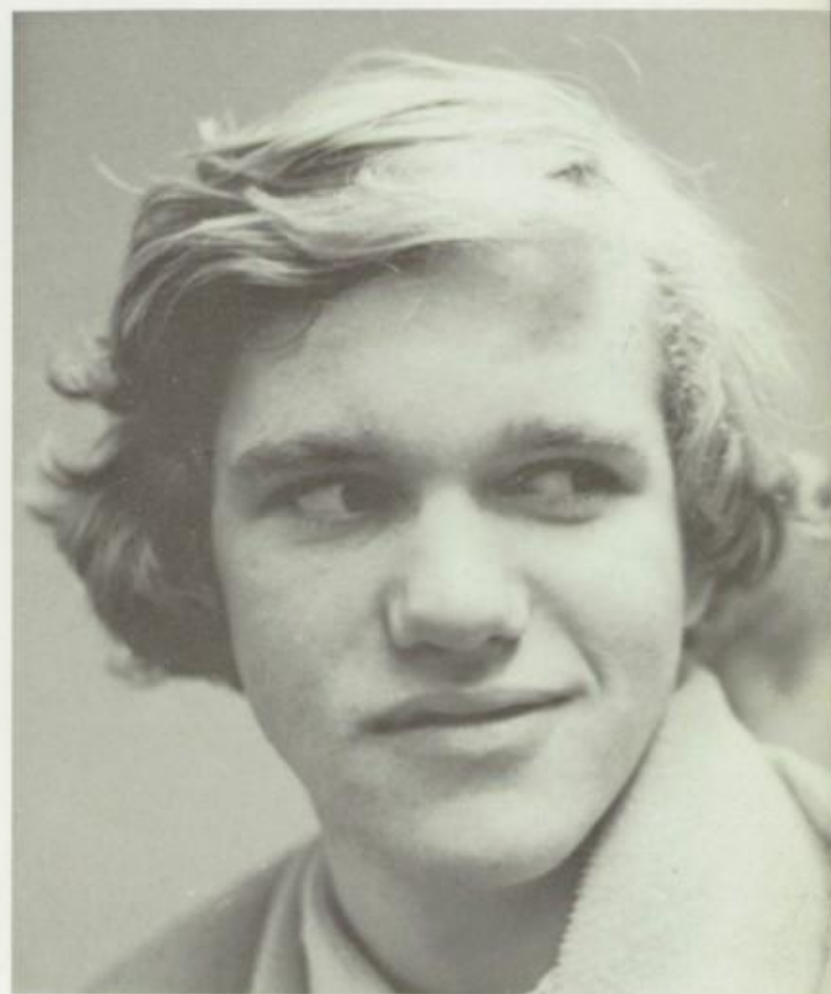

A friend may well be reckoned the
masterpiece of nature.

Emerson

The memory has as many
moods as the temper, and shifts
its scenery like a diorama.

George Eliot

True friendship is never serene.

Anonymous

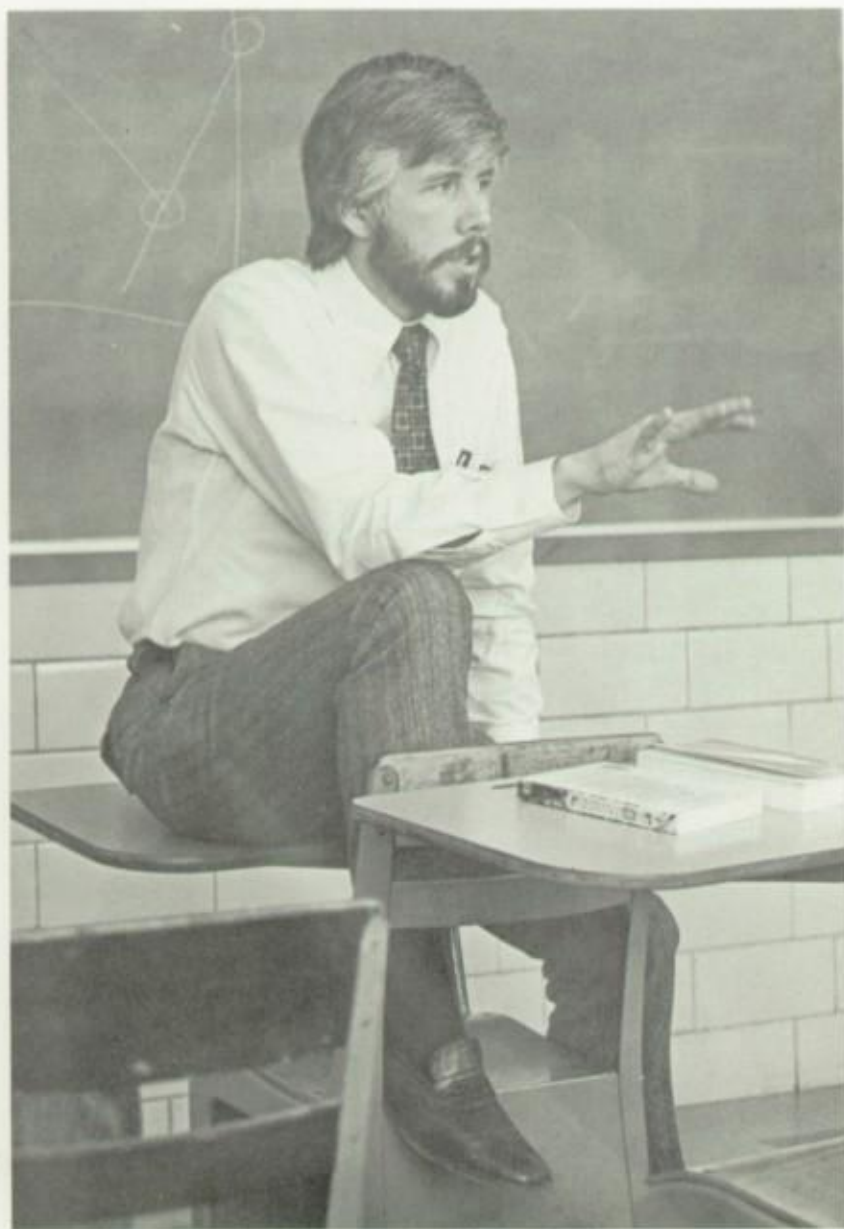

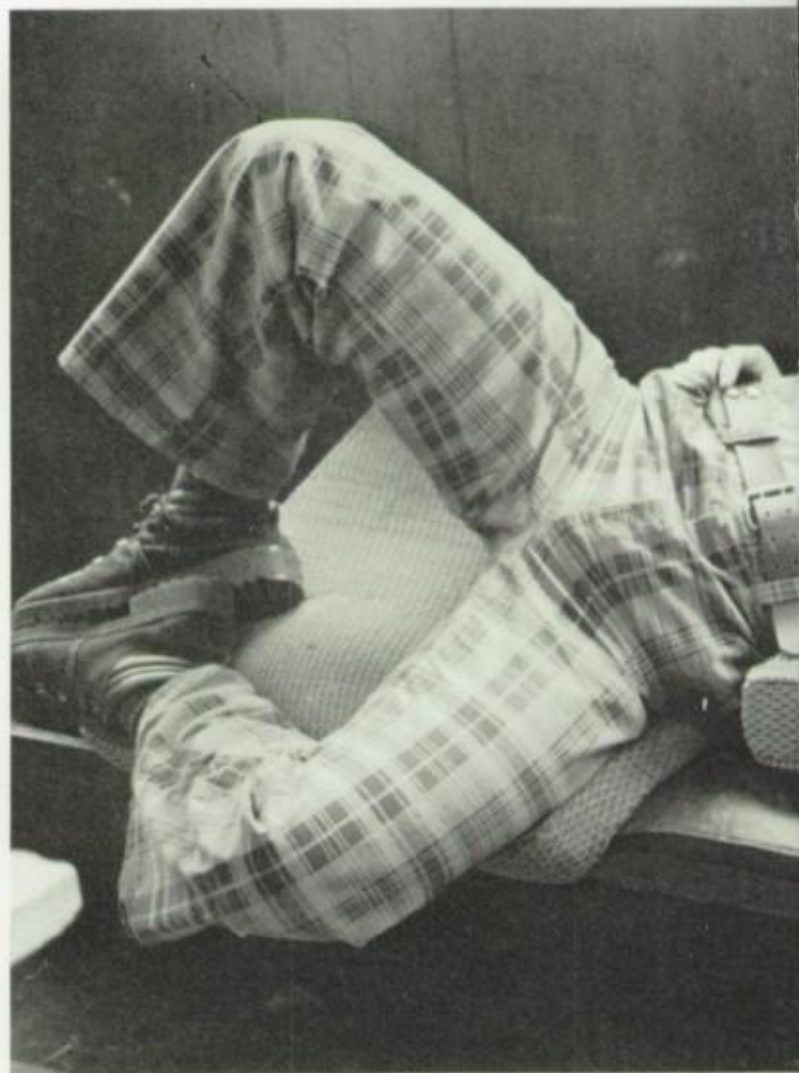

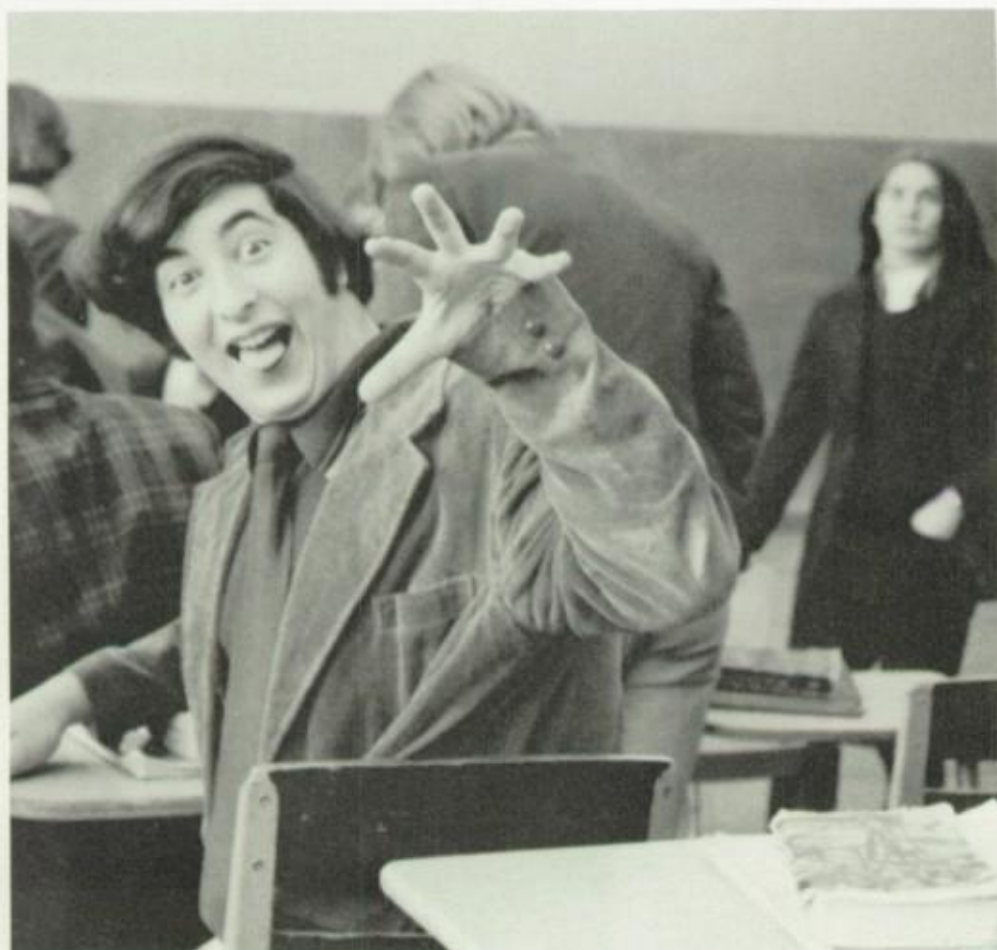

Laugh then at any but at fools or foes;
 These you but anger, and you mend not those.
 Laugh at your friends, and if your friends are sore,
 So much the better, you may laugh the more.
 Alexander Pope

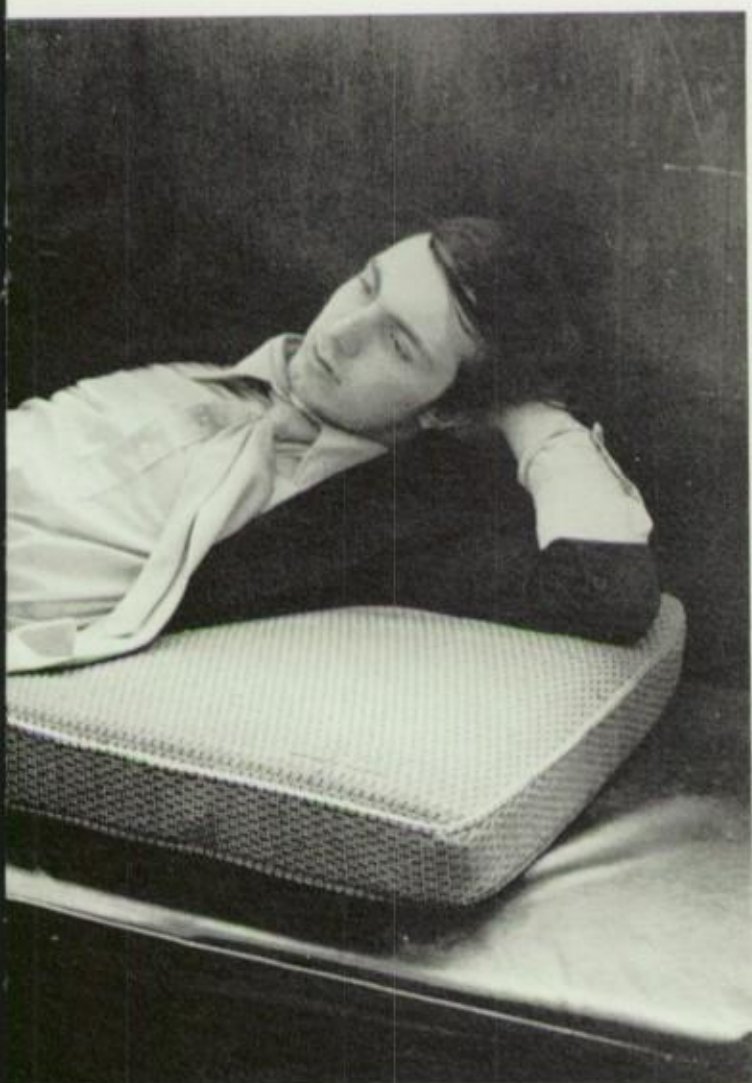

Reach out for friends . . .
grasp your happiest memories . . .

and a certain serenity shall make its indelible mark upon your soul.
—R.L.S.

The true art of memory is the art of
attention.

Dr. Johnson

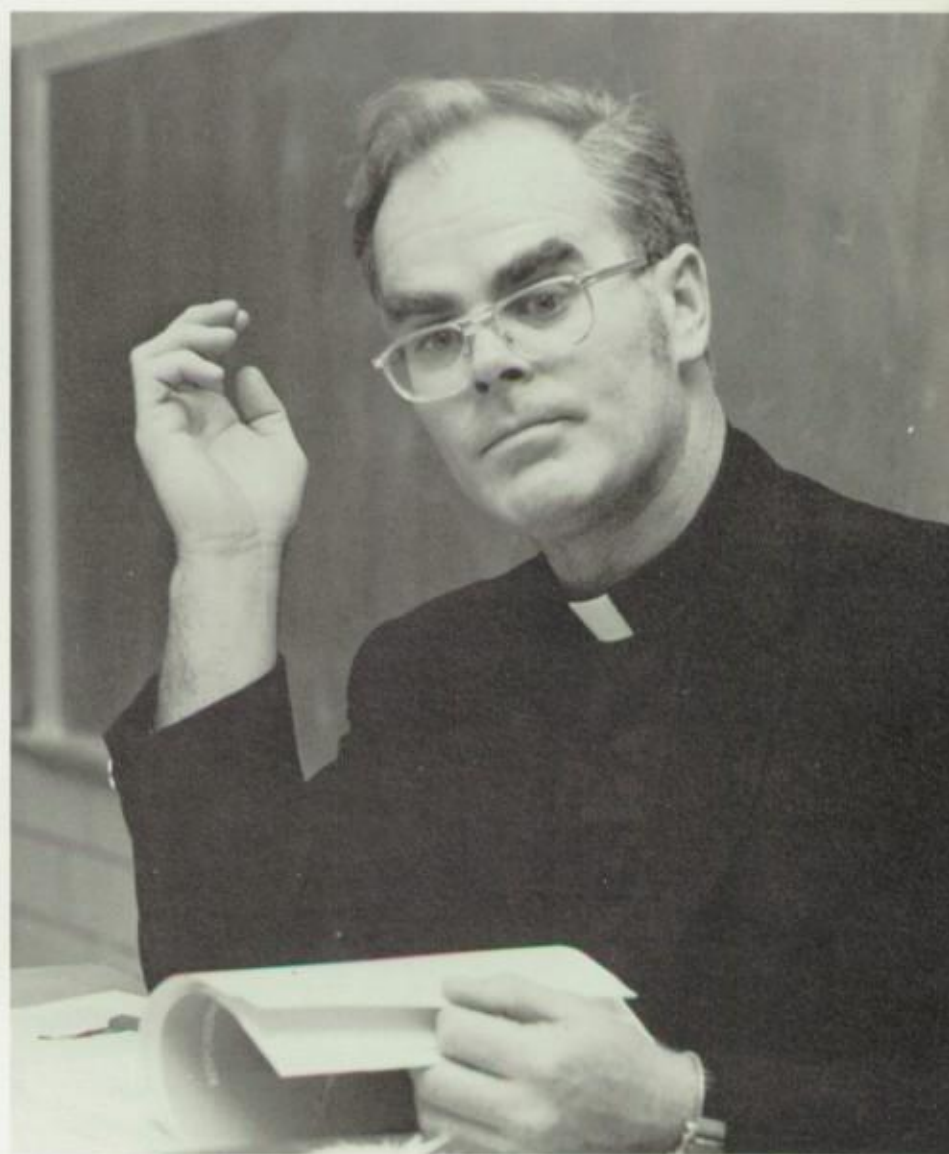

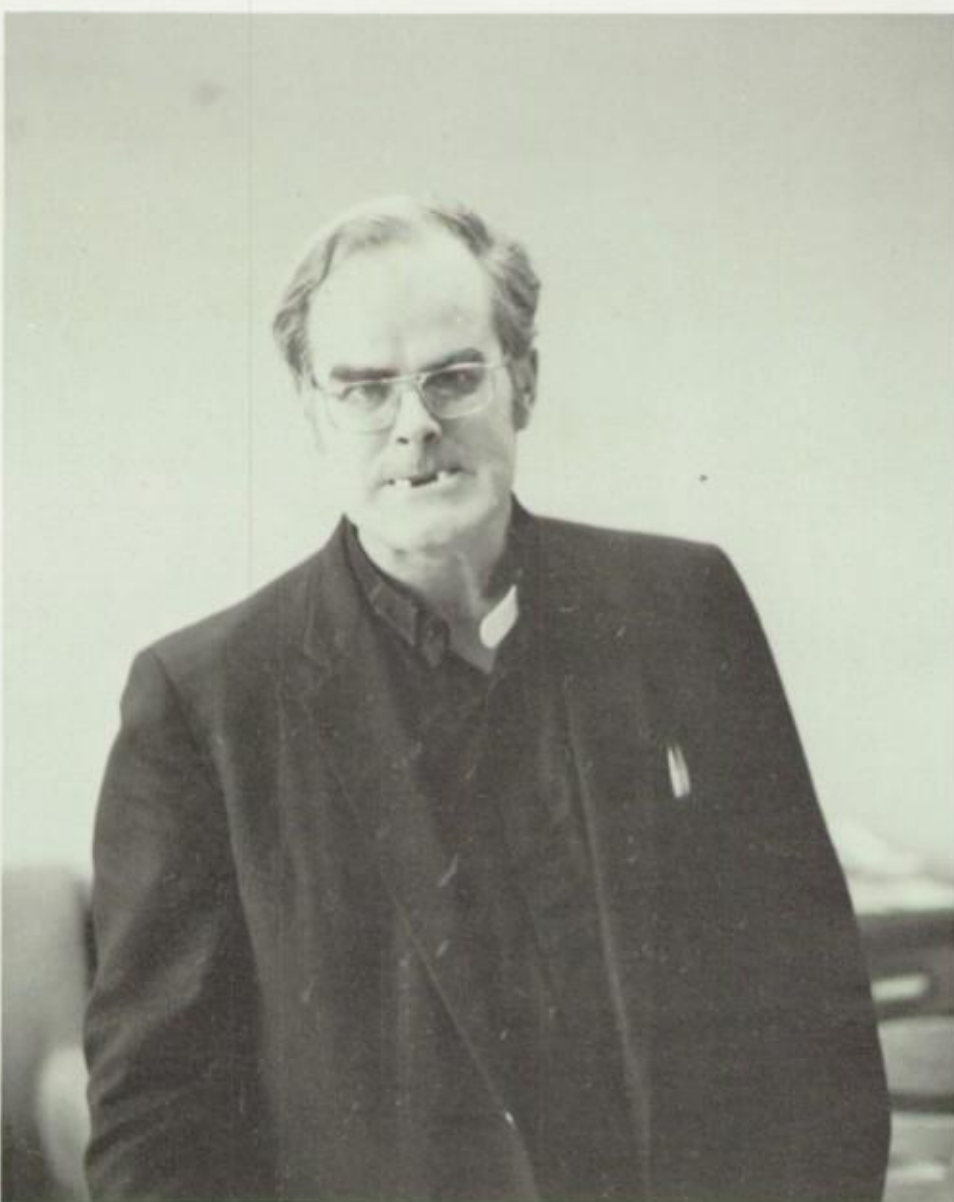

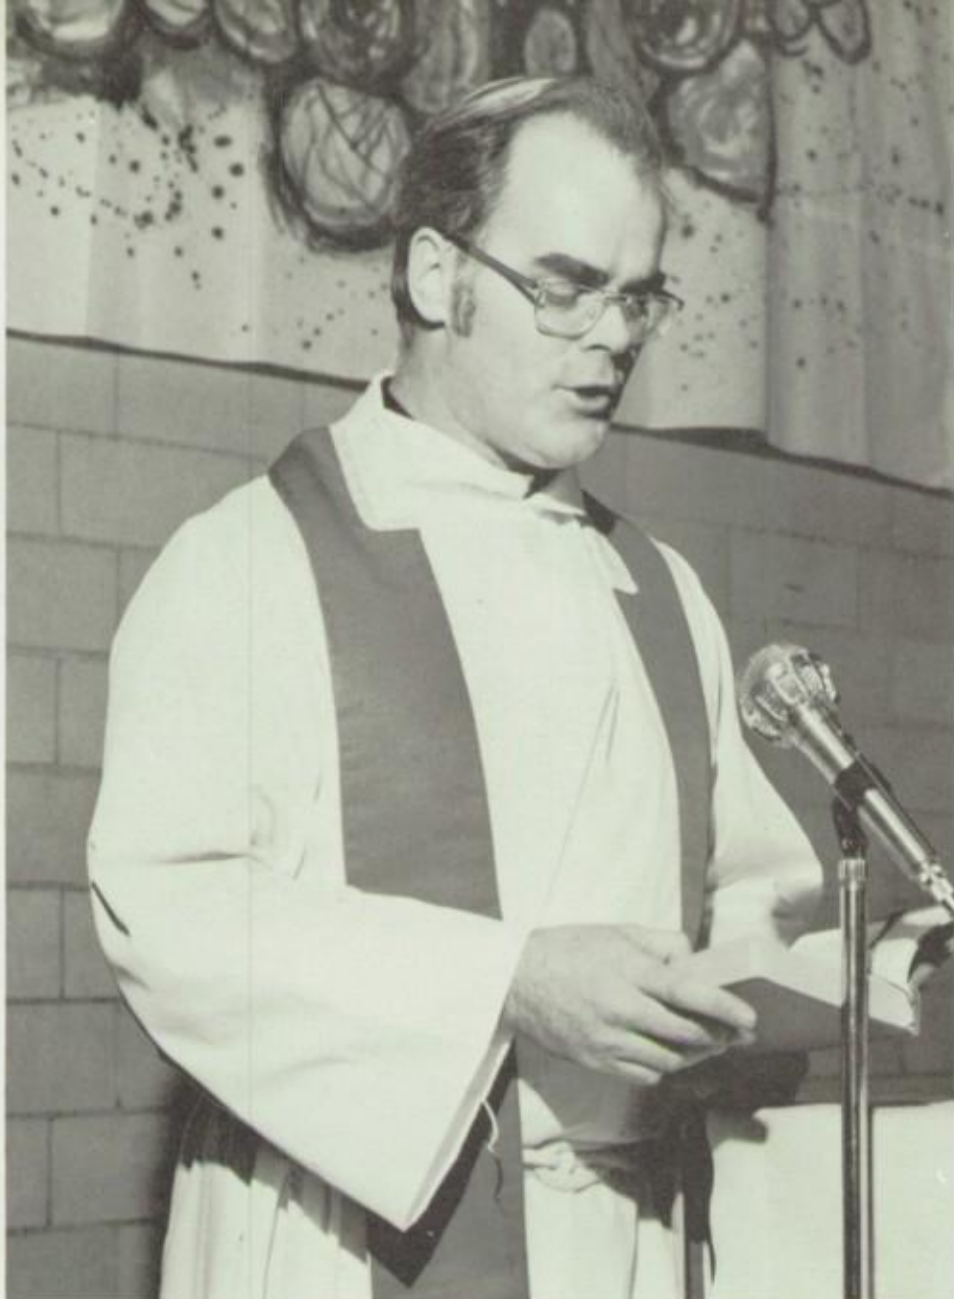

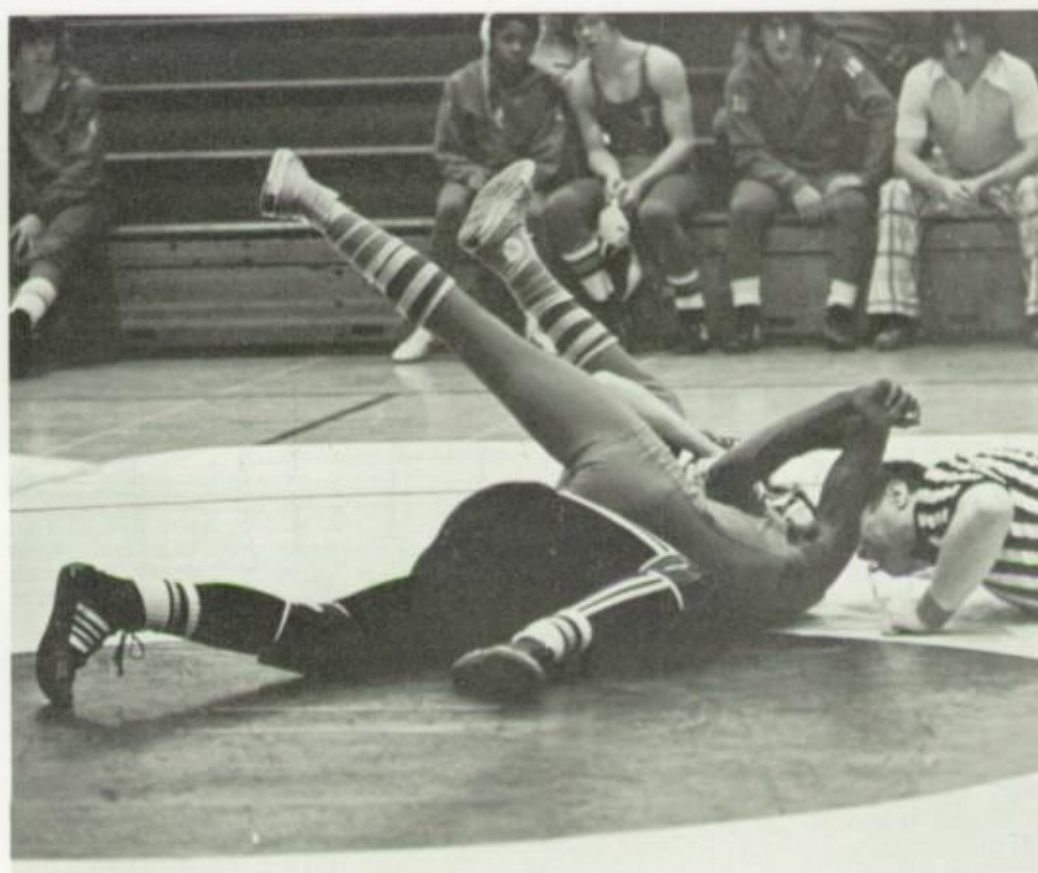

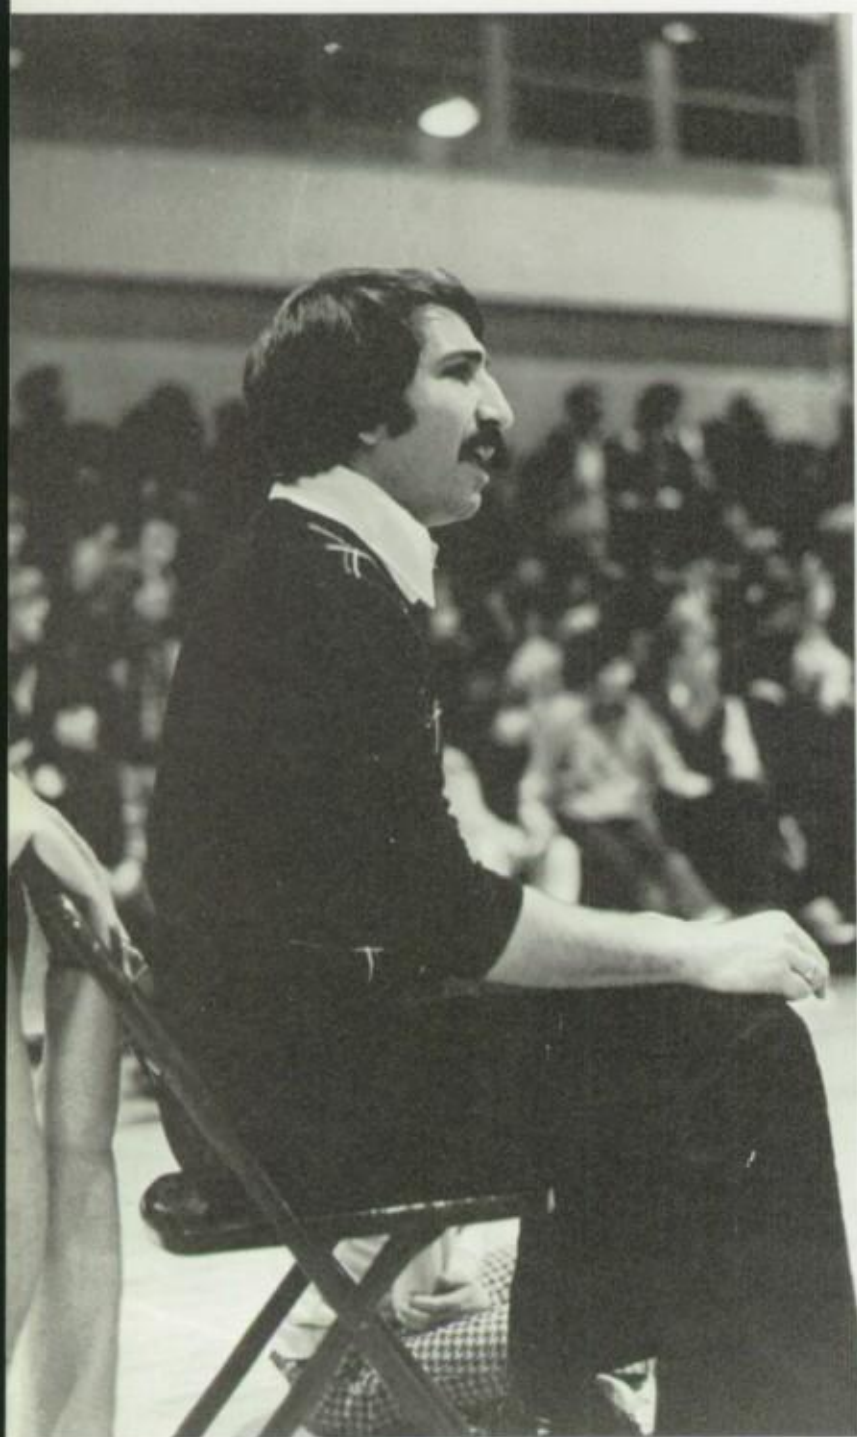

Old friends are best. King James
used to call for his old shoes;
they were the easiest for his feet.

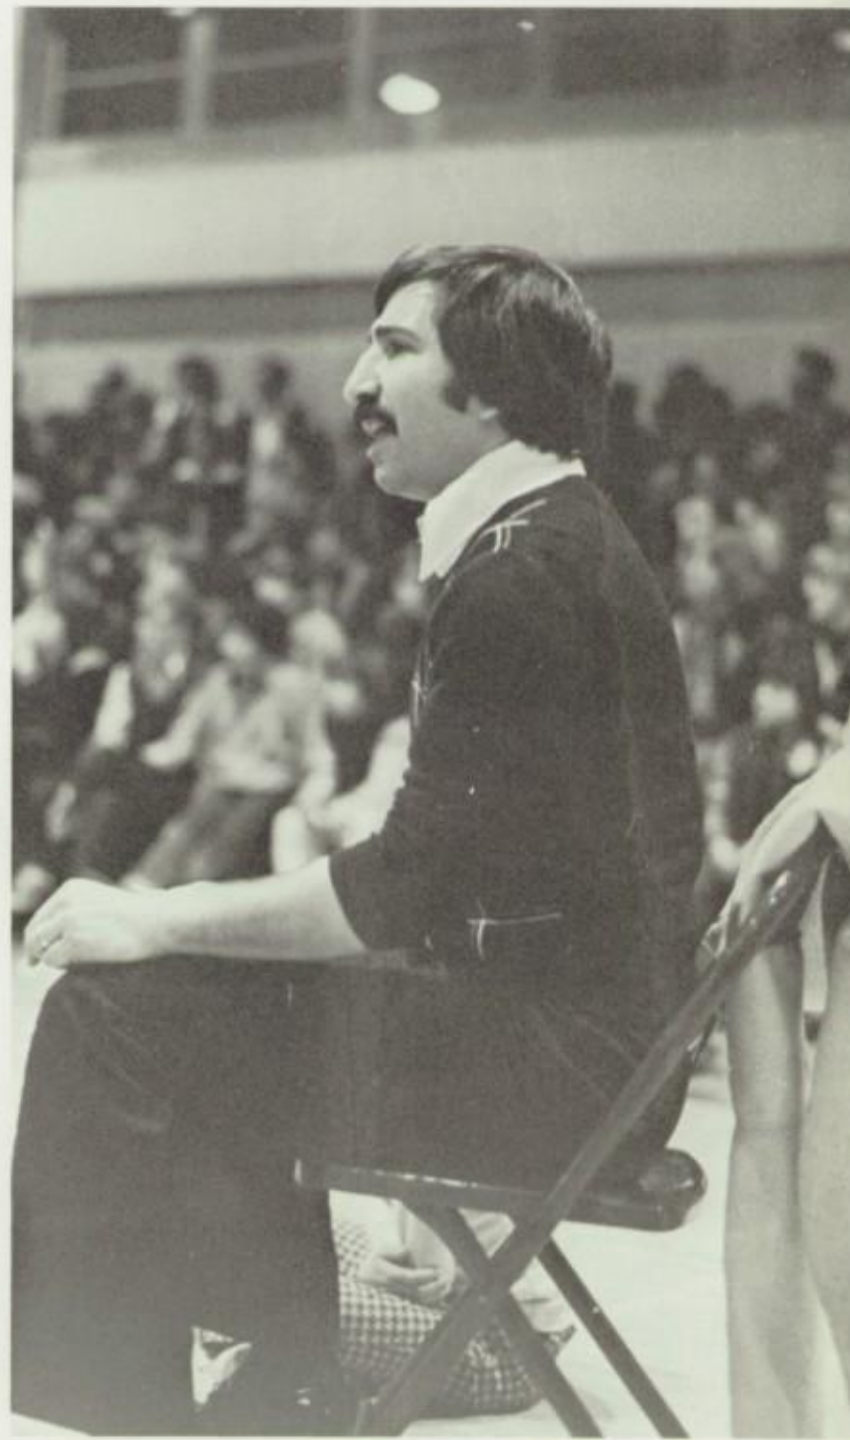

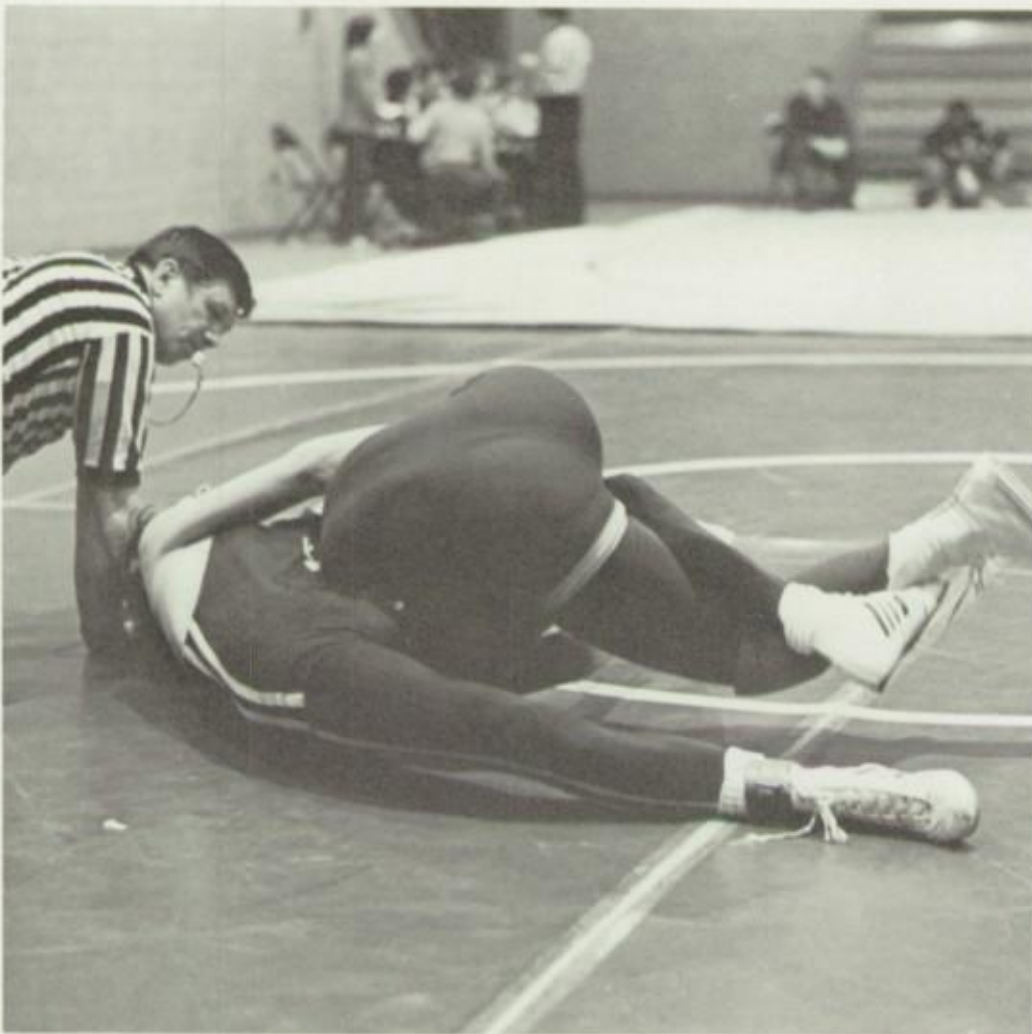

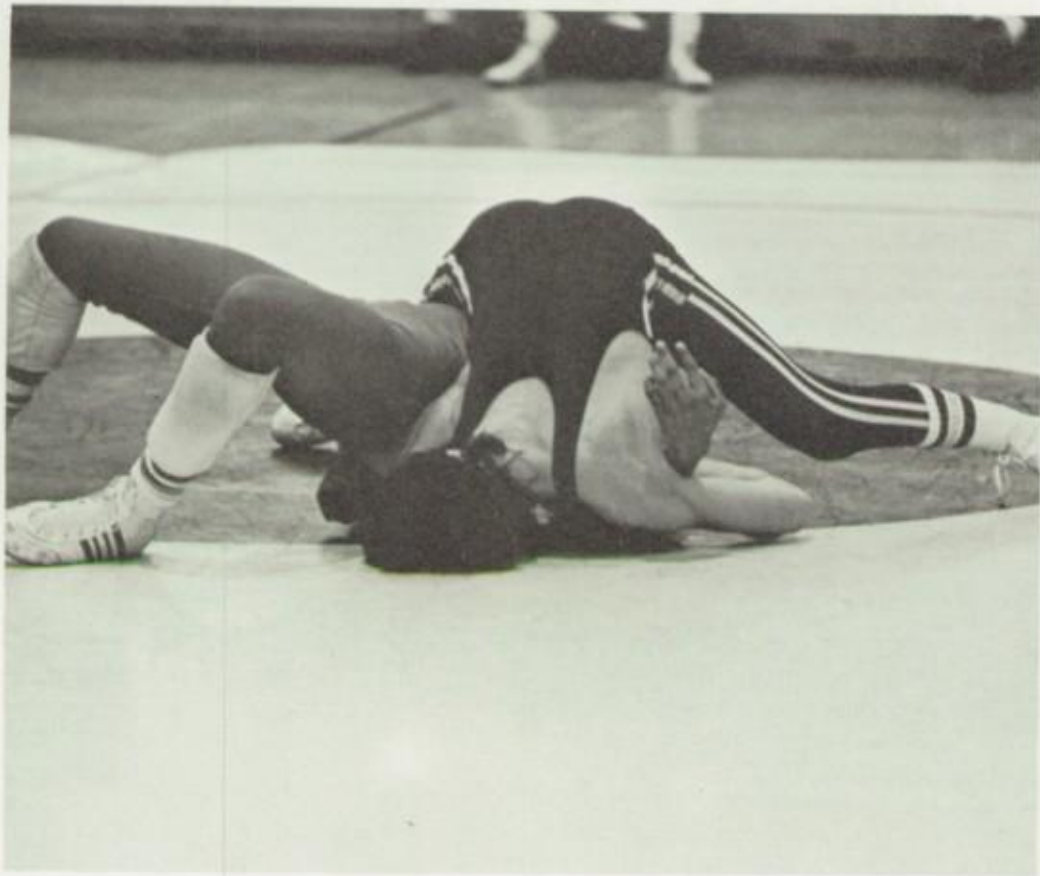

Selden

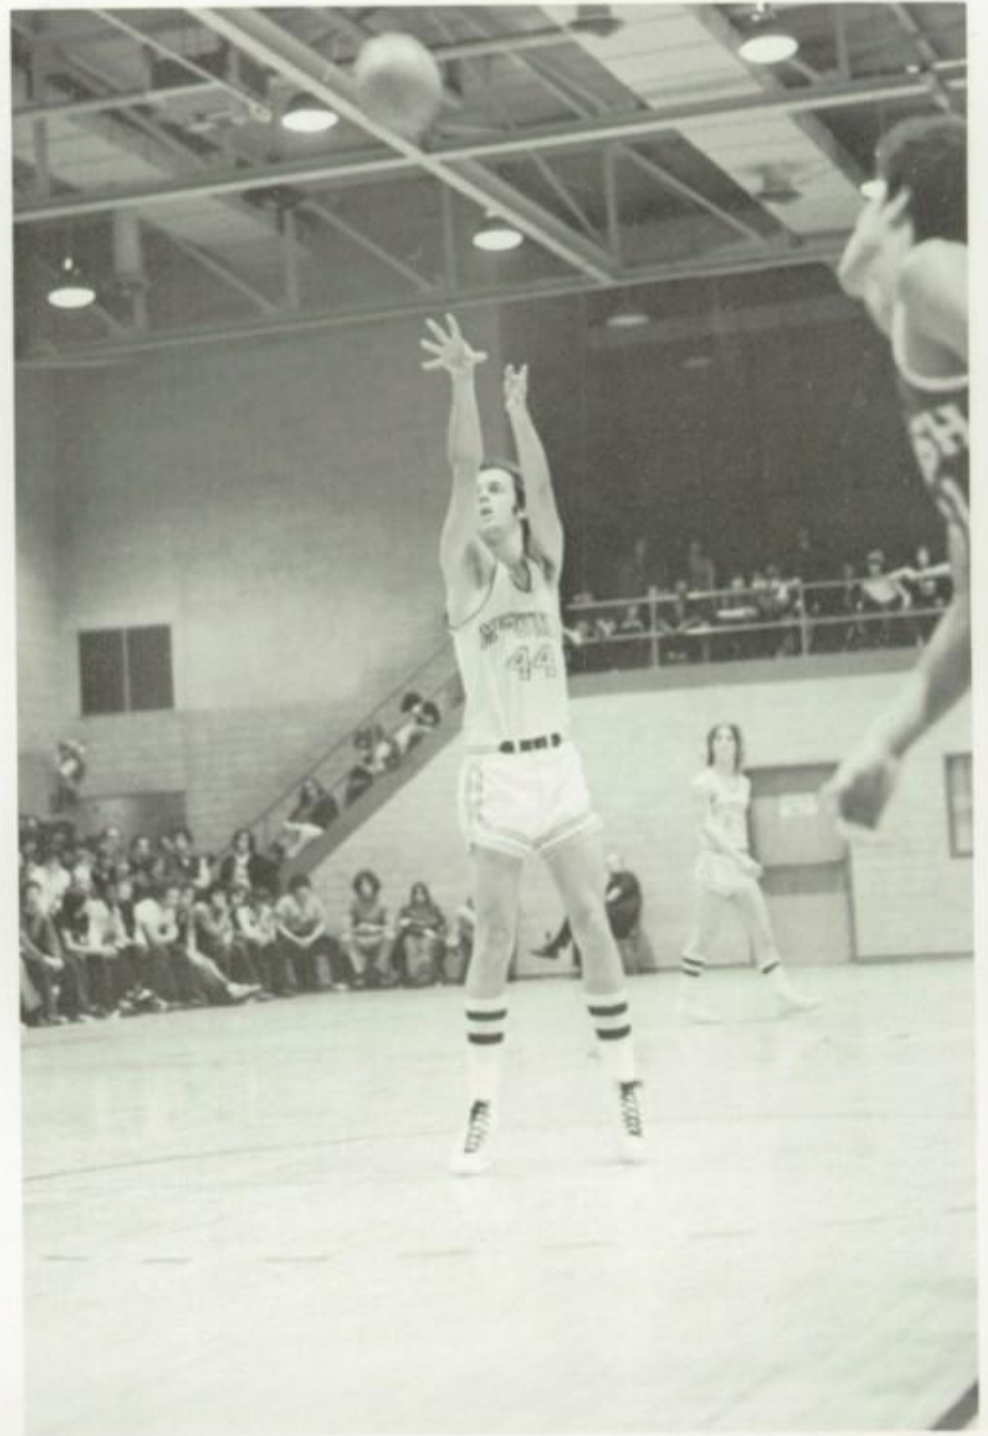

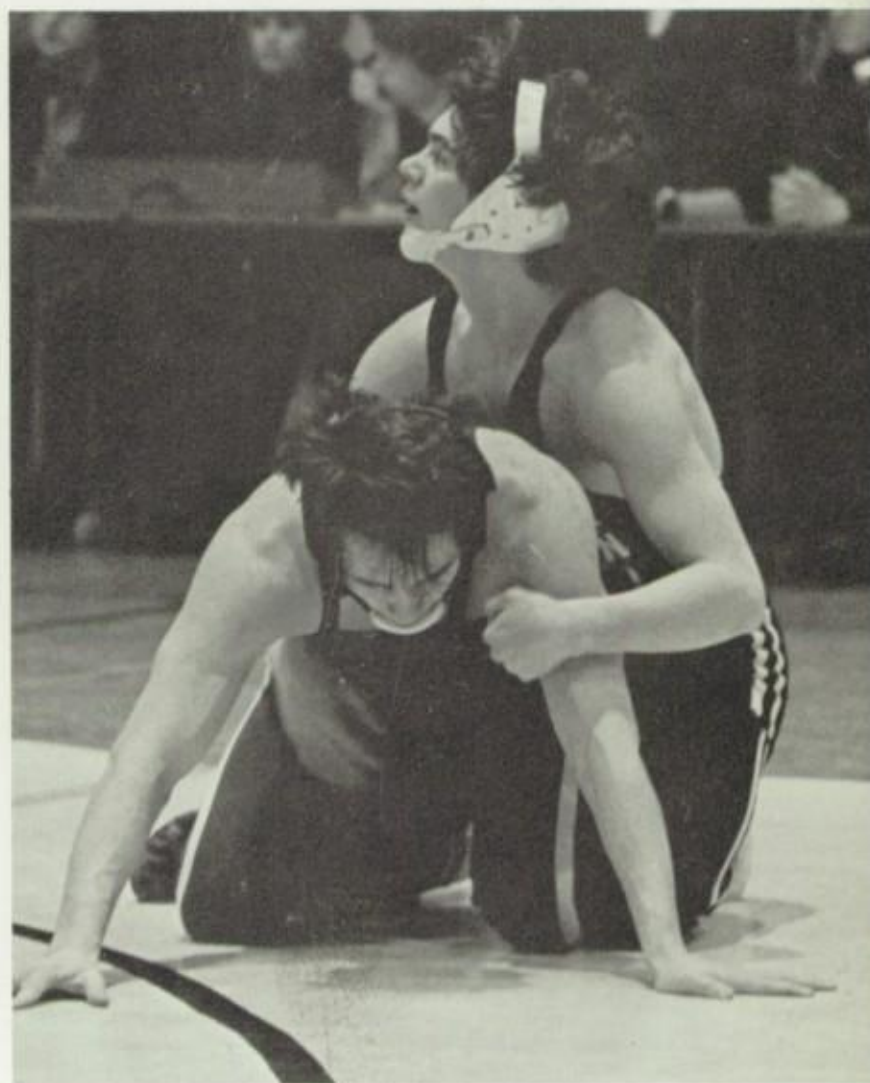

To a super individual who greatly and voluntarily helped design and grind out this year-book, as well as teach a representative majority of students in this school, these words of tribute are deservedly expressed. The *Accolade*, which surely speaks for the whole school, wishes you good luck in the future at your new assignment and we hope you will never forget us, because we shall never forget you, Father Logan (Slash).

VHUS, Paul (Mr.)

When to the sessions of sweet silent thought
I summon up remembrance of things past,
I sigh the lack of many a thing I sought
And with old woes new wail my dear time's waste;
Then can I drown an eye unus'd to flow,
For precious friends hid in death's dateless night,
And weep a fresh love's long since cancell'd woe,
And moan th' expense of many a vanish'd sight;
Then can I grieve at grievances foregone,
And heavily from woe tell o'er
The sad account of fore-bemoaned moan,
Which I new pay as if not paid before:
 But if the while I think on thee, dear friend,
 All losses are restor'd and sorrows end.

Shakespeare
Sonnet #30

To a man who has done so much for this school that it would be impossible to list all his contributions, these few words and pictures do him no justice. However, his efforts will not be forgotten in this school and community for a long time.

With a deep sense of gratitude and thanks we wish you a well deserved rest next year and hope that all your years will be as productive as the last ten have been. May God bless you, Father Eugene Zimpfer, S.J.

ACTIVITIES

Student Government

Executive Council: Mark Borkowski, Michael Seifert, Larry Searles; **Missing:** Ron Rosati.

Different. That sums up McQuaid's Student Government this year. Take the President (please), Mike Seifert, "the Doc" as he's fondly known. He would acknowledge the nickname because of his incisive mind and competency for diagnostic analysis. Others would suggest less flattering reasons. However, it is a fact he owns and operates a quiet disposition, graced by a slow and deep pitched voice.

Now, the Vice-President, Mark Borkowski, is, well, he's different! He has been accused of being Mike's son. He's small and sports not a quiet, but an unquiet disposition with a rapid and high pitched voice. Temperamentally, even politically, they stand poles apart (no pun intended). Yet they harmonized well and McQuaid benefited. They had different approaches to Student Government, perhaps best described as informal and formal, but somehow it worked. All the disparate groups in the school had something to identify with in some facet of the two "fearless leaders".

Our financial wizard, Larry Searles, with deadly calculator and ledger kept the books balanced and proved invaluable by taking the V.P. to the Ontario Free Clinic once a month for his hormone injection.

Then there was secretary Ron Rosati, who never removed his funny-looking hat, but always provided manageable and "natural" advice.

McQuaid's Student Government was a motley group, but they worked well together. Different? Indeed, still, it was a very good year for McQuaid. T.G. for our S.G.

SPORTS

Football

Think back for a moment, just before the season began, to the words of our favorite Coach, Tom Seymour, "... I'll be happy if we win more than half our games."

Admittedly, everyone had their doubts — doubts as to whether or not the season of the year before could possibly be recreated. But, even if the fans had their doubts at the outset of it all, the football team never did. They were out to prove something — that they were as good as anyone around.

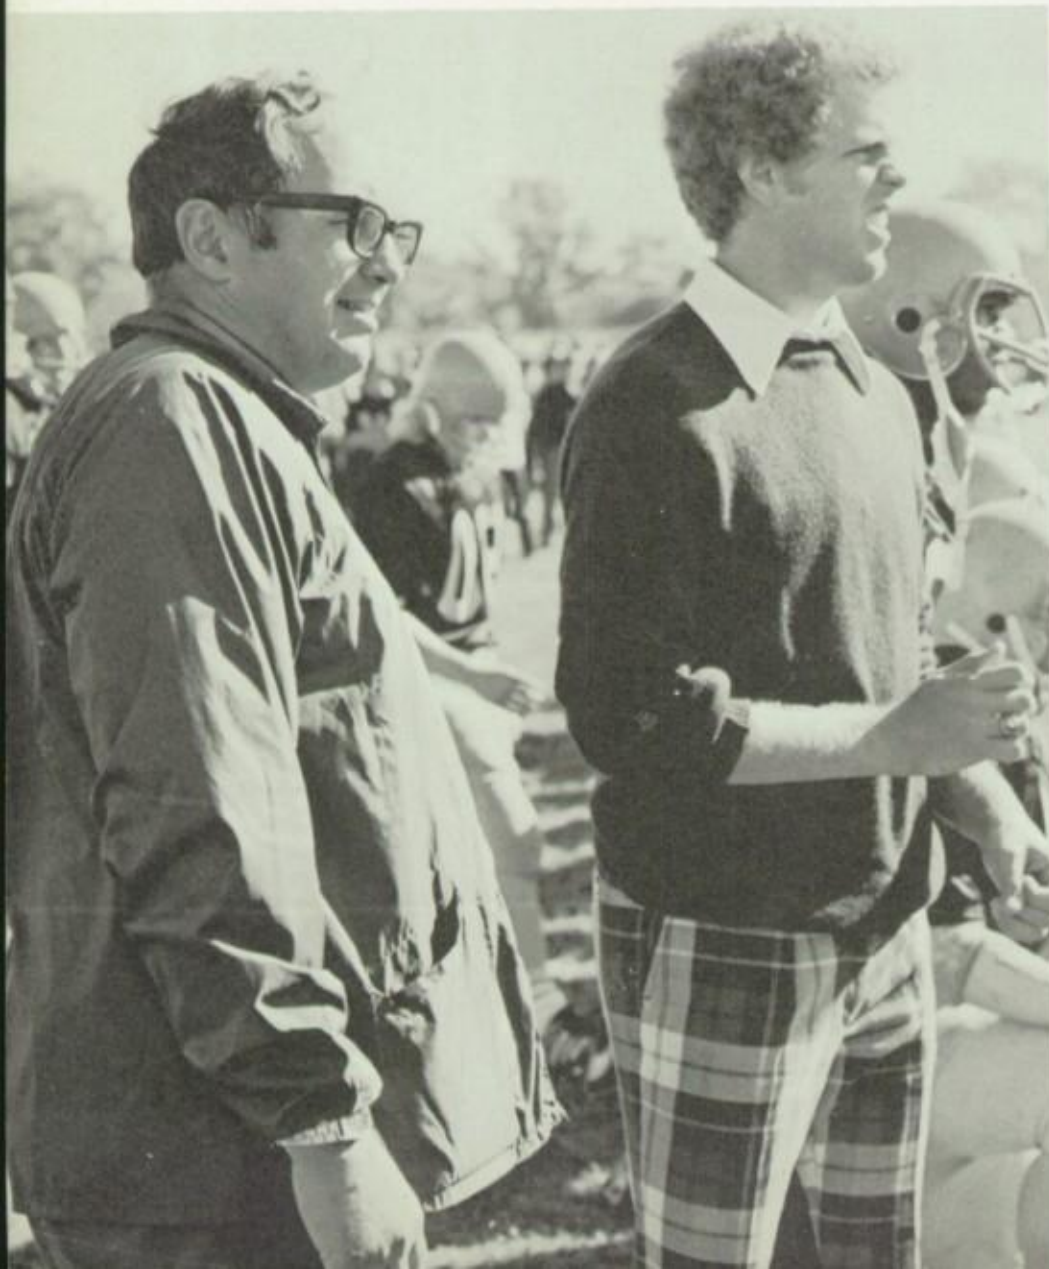

It was the year of Ron, doing his "Jim Brown" imitation; Stone . . . throwing; George, smackin' & crackin'; Ralphie Bunce, "snappin' " it; Suzie, going, "Let's win this one for Laurie"; Chuckles, bootin' em — one for a record; Frank, shuffling & grabbing; The Cush, scoopin' in those clutch bombs; Vinnie — the surprise; Big Mac, dishin' out punishment; Broomfield, coming up big from behind; Max, keeping an eye on things; Kennedy, freakin' out; Kevin, of the Birdcage helmet; Peter, rockin' the opposition; Big Boy Merl, promising a future; and of course, those unforgettable Hamburgs, carrying on in the true tradition of ground round; — and let's not forget the opposition, without whom we couldn't have beaten anyone.

Now we realize that old Coach Seymour was fooling us before; that he knew better than anyone the things his machine could do. And that's exactly what it was — a machine. There were no real superstars — everyone pulled together.

They set out to prove that they weren't going to live on past glory.

They proved it, and in every measure.

Indeed, this year we were NUMBER ONE.

Soccer

Once again it was that time of summer strain when a soccer team is assembled and made ready. Coach Armstrong went to work as did the players. Work. Practice. Organizing. Sweating. And fun. Things came together as we sweated and groaned.

September came, the season. What it brought, however, was not what we expected, what we prepared for.

Some players were racked by injury, and it hurt. Billy was knocked out early in the season. Reggie was injured toward the end. Bosy was in that car accident, and Ad was off and on with knee trouble. Bomber, one of the best goal tenders, was out for a few. What was going on?

Well, the team was going to play, one way or the other.

It happened that we played our best games against the best. But our worst against the worst. We lost five games by one goal.

The goal was to play soccer and we did. Record aside, we played well.

Cross-Country

People may wonder why young men like to run distance races. What fun is it? Why all that hard, exhausting work? Where does it get you? Where's the good of it? It is one of the strange ironies of this strange life that those who work the hardest, who subject themselves to the strictest discipline, who give up certain pleasurable things in order to achieve a goal, are the happiest men. When you see 20 or 30 men line up for a distance race in some meet, don't pity them, don't feel sorry for them. Better envy them instead. You are probably looking at the 20 or 30 best "bon vivants" in the world. They are completely and joyously happy in their simple tastes, their strong and well-conditioned bodies, and with the thrill of wholesome competition before them. These are the days of their youth, when they can run without weariness; these are their buoyant, golden days, and they are running because they love it. Their lives are fuller because of this competition and their memories will be far richer. That's why men love to run. That's why men do run. There is something clean and noble about it.

The 1974 McQuaid Cross-Country team became the finest team in school history. Despite losing the sectional crown, we finished the season ranked ninth in the state, while our 133-1 mark midway through the season was good enough for a number two ranking in the state. Our harriers romped to their third consecutive City-Catholic League title and extended their dual meet win skein to 29. They won five major invitational titles, including their second straight Jesuit Championship. However, painful defeat supplemented our diet of victories, as the Knights lost to Greece Arcadia, the team that later won the State Championships.

The high point of the season was the hurling of venerable mentor, Mr. Bradley, into Red Creek following the big McQuaid Invitational win.

There was something clean and noble about this team.

Wrestling

It was the "next year" everyone talked of, waited for, anticipated. We didn't let them down! The toughest matches came early, Attica and East Rochester. Both seemed surprisingly easy. They nourished our confidence, maybe to a point of overconfidence. Then Eastridge set us straight. Mistakes were many and we almost blew it, but pride pulled us through 22-18. We knew we had it! We rolled over East and Madison, then the ultimate; revenge against Kearney was ever so sweet.

It was a close-knit team on all levels; Varsity, J.V., and Frosh. Each man pulled his own weight while pushing constantly for each other. Yet, most important in our success were the contributions of Coach Roselli. His enthusiasm and faith in us kept the team one, hungry and eager. For all he did, we gave him the season, a pittance in a debt we could never repay. Many may wonder, but we know what it means to be the best, undefeated, 15 and 0, NUMBER ONE.

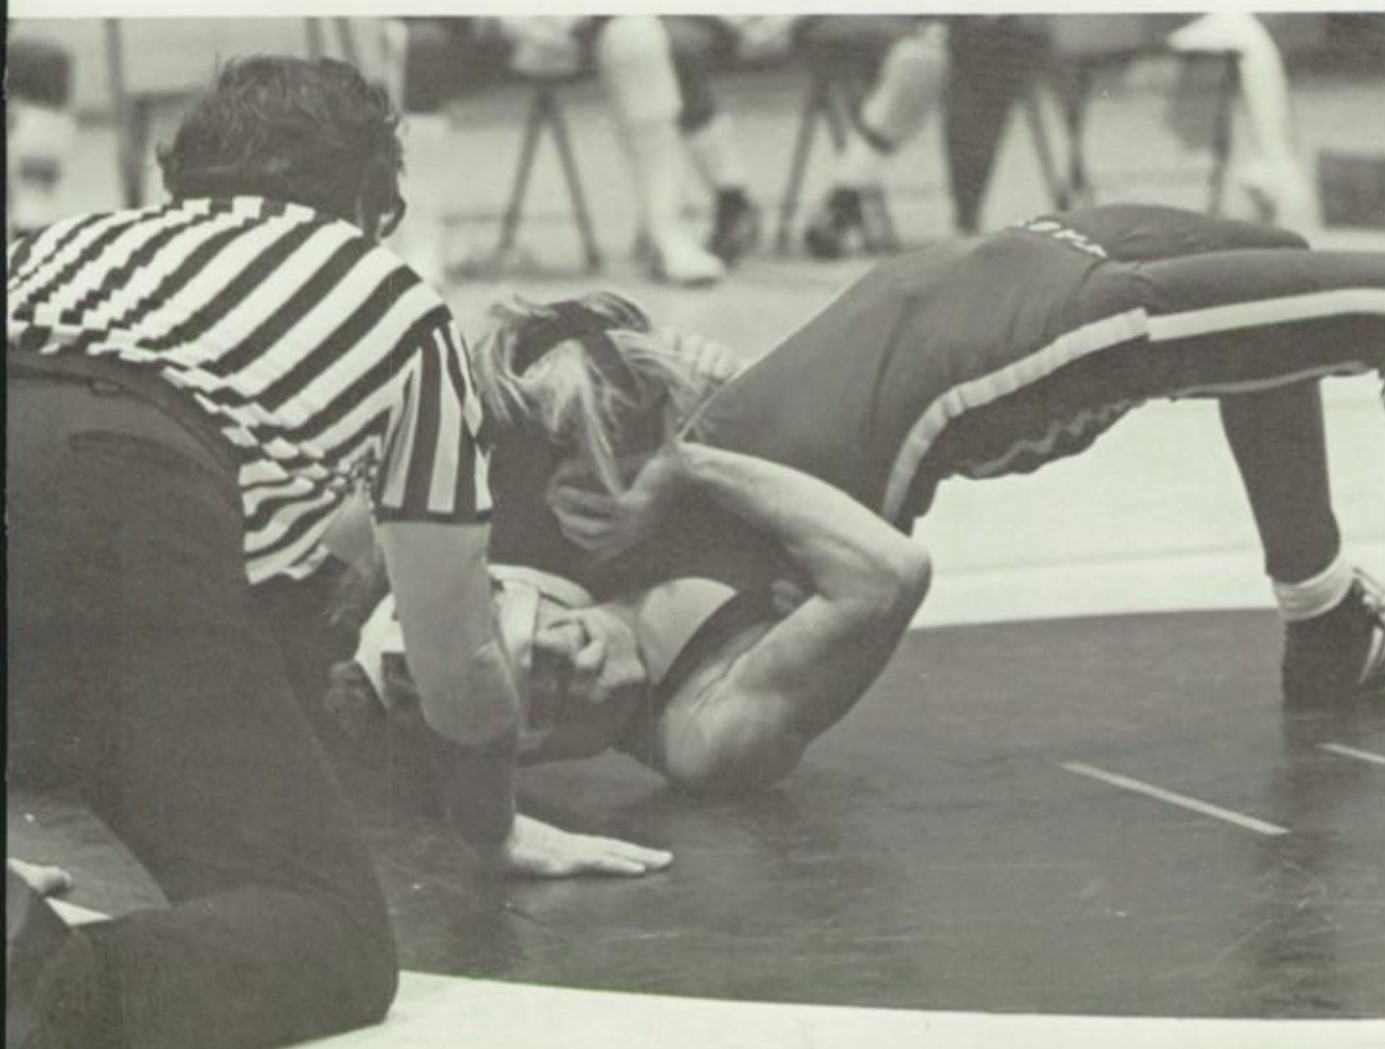

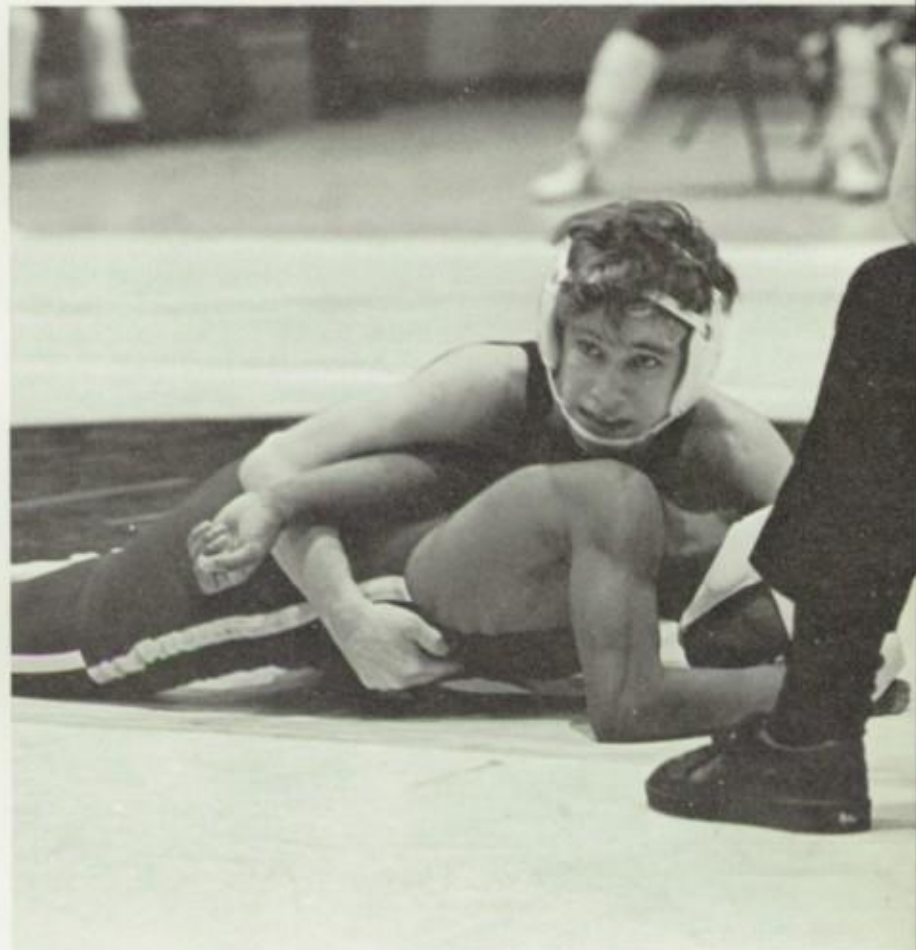

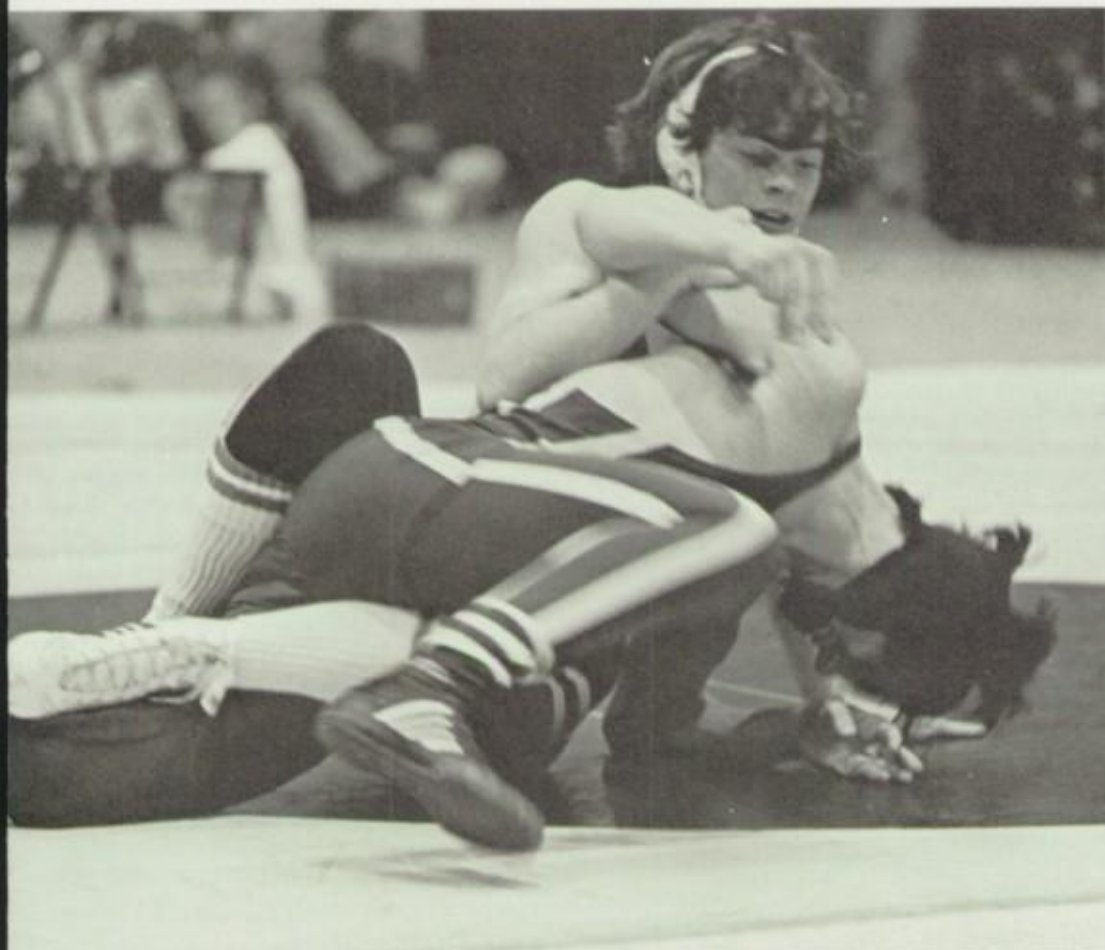

Tim, had a ball in Dungs room, have a good summer and see you next year. Greg

Friday night at McQuaid about eight-thirty. The two teams have warmed up and are at their respective benches. The voice begins, "Good evening, ladies and gentlemen, and welcome to McQuaid, home of the Knights." The fans roar. The gym fills with emotion. The voice announces the visiting team's starters, then the Knights. Standing ovation.

"Starting at forward #44, Jim Combs." Slinky jogs out on the court. Leading scorer and pure shooter. "At the other forward #40, Brian Hart." New talent, the Skate played J.V. sophomore year and didn't start, until this year. "At the center for the Knights, #52, Chuck Schott." Chuckles, the football player. The rebounder. The big man. "In the guard position, #14, Cliff Florence." The Cool One saunters out, cool-like. "And at guard . . ." Kevin Ryan. Joe Mesko. Pete Stone. Take your pick. Kevin started out playing great, but he broke his hand and missed all but the last game or two. Stones came in for him, but he too was hurt and missed several important games. Joe always filled in admirably for Pete.

We look for strength in Stones, Thomas Huber, Ciaccio, Zelmo, Thaney, and the rest. We thank Skate, Slinky, Chuckles, Cliff, Joe, and Bomber for what they gave. They weren't the best, they weren't the worst, but they were ours.

Swimming

"Memories are made of this." You never really forget. The good and bad go hand in hand. However, there was no bad. It was winning, an undefeated year. Again. All the anxious, breath-holding seconds, the cramps, the screaming muscles, the bleary chlorinated eyes danced with joy when the clash with Marshall ended and we realized we were No. 1.

Everything seemed worth it: all the hours on hours pushing and lapping through the pools, all the long bus and car rides to the meets with time to nag us with questions of doubt, with time to wonder and worry. We knew we were good; that Mr. Tobin had honed us in his tactical fashion to be a team. We were a dynasty; we were the Green Bay Packers, the old New York Yankees of City Catholic Swimming. Could we do it again? Would not having our own pool, the "better times" posted by others catch up with us and serve to lift the crown from our head?

Well, it never happened. We sprinted, sputtered, and splashed to victory after victory. It was exciting, exhilarating. It was a year filled with joy and memories. It was a year that climaxed with the squeaking but so satisfying win over undefeated Marshall. Memories? What a silly question.

Hockey

Hulking forms, armored with helmets and gauntlet-like gloves. Lithe acrobats who whirl in dervish circles and race with long smooth strides. Battle scarred soldiers who withstand the onslaught of blades and clubs with practised disdain. Hockey players are many things and the McQuaid 1974-75 Hockey Team fused the diverse facets of a group of skillful young men into the core of a winning team.

The McQuaid icers shot up and shattered opposing goalies with glee. "Beef", bulling his way to a hat trick; McTigue, exciting teammate and fan alike with his lightning speed; "Peanut", checking and hitting with abandon; "Bean", rifling shots against terrified goalies; "Burns", passing and skating with the acumen borne of experience; "Bo Wievel", blasting opponents into the boards; "Le Tois", racing to swipe the puck; "Mildew", hustling always; and of course, "Knauber", tossing away shots with casual defiance.

The team steamrolled its way to victory after victory and anyone who saw the team work over the opposition could only say, "How can next year's team compare with this one." These people underestimate the talent of the underclassmen on the team. The work of Coach Wojtowicz and Mr. Forget will propel them to the level attained by the 74-75 team. But any future efforts will never diminish the success of this year's team — a rugged bunch of guys who simply refused to be anything but the finest.
